APPLICATION FOR ADMISSION INTO MASTER OF ARTS IN PROJECT MANAGEMENT AND EVALUATION
(MA-PME) FOR THE ACADEMIC YEAR 2017/2018

COLLEGE OF SOCIAL SCIENCES AND HUMANITIES

Qualified applicants are invited to apply for admission into Master of Arts in Project Management and Evaluation (MA-PME) offered by the College of Social Sciences and Humanities of the Sokoine University of Agriculture (SUA) for the academic year 2017/2018. The potential applicants should hold a Bachelor Degree of Sokoine University of Agriculture (SUA) or equivalent qualification from recognized higher learning institution, with a minimum GPA of 2.7. Candidates with a PASS degree will also be considered for admission if: (1) their undergraduate performance in a subject related to Development Studies is at least of B grade, and/or (2) they have satisfied the College that they have exhibited academic potential through extensive fieldwork/research experience of at least three years and/or additional professional development courses of a duration of at least three months. Candidates who hold unclassified degrees (e.g. BVM) should have a PASS and an average of B grade in the subject related to Development Studies. Candidates who are non-degree holders but hold Advanced or Postgraduate Diplomas from recognized higher learning institutions shall be admitted to the MA (PME) degree programme provided they have studied subjects relevant to Development Studies and have attained a minimum Grade of B in respective subjects.

NB: Applicants who applied and admitted in the last academic year 2016/2017 should not re-apply but they are required to confirm in writing to the undersigned that they will register for the programme in this academic year (2017/2018).

Objectives

The general objective of the MA (PME) Degree Programme is to equip students with up-to-date knowledge and skills to enable them plan, manage and evaluate projects and programmes for sustainable development.

The specific objectives of the programme are to:

1. Impart students with the knowledge and skills on theoretical and practical aspects of project planning, analysis, monitoring and evaluation;
2. Enable students to analyze policy and institutional factors which affect project design, implementation and outcome;
3. Equip students with specialized knowledge and skills of addressing challenges facing project planning, management and evaluation in developing countries;
4. Enable students to apply knowledge and skills of project management and policy analysis for national economic and social development; and
5. Build capacity of students to translate policies into tangible programmes with defined outcomes.
