

**SOKOINE UNIVERSITY OF AGRICULTURE
TRANSPARENT RANKING REPORT:
(TOP UNIVERSITIES BY CITATIONS IN TOP GOOGLE SCHOLAR
PROFILES IN TANZANIA)**

JULY 2023

Introduction

The Webometric Ranking is an assessment of universities based on webometric and bibliometric indicators, with the primary goal of promoting open access to knowledge generated by universities.

In this report, we focus on the Transparent Ranking, which evaluates institutions based on citations from Google Scholar Citation Index. The ranking considers the top 310 public profiles of each university and excludes the top 20 profiles to enhance representativeness. The institutions are then ranked in descending order based on the total number of citations.

Results

A: July 2023 Results

The following is a list of the top universities in Tanzania based on the number of citations received in July 2023, as recorded by the Webometrics Ranking of World Universities:

Discussion

The data reveals the performance of Sokoine University of Agriculture (SUA) based on the number of citations it received in January 2023 and July 2023. **In January 2023, SUA recorded 123,276 citations, while in July 2023, this number significantly increased to 157,010 citations.** This increase of citations from January to July demonstrates SUA's ongoing commitment to research excellence and its notable impact in the academic community in Tanzania and world.

Conclusion

Sokoine University of Agriculture (SUA) experienced a remarkable growth in citations from January to July 2023, showcasing its continued efforts in producing high-quality research and academic contributions. This upward trend reflects SUA's dedication to promoting open access to knowledge and advancing scholarly endeavors. Such progress positions SUA as a leading institution in Tanzania and highlights its potential to further enhance its academic standing globally.
